25X1 6. [REDACTED] LIAISON Called Peter Regis, staff of the House Judiciary Subcommittee on Immigration, Citizenship, and International Law, to clarify Chairman Joshua Eilberg's (D., Pa.) press release on the GAO investigation of alleged Nazi war criminals since the copy that he sent me yesterday appeared to be the same as that issued by Chairman Eilberg's Philadelphia office. I explained that it was my understanding from my conversation with him two days ago that he was sending a copy of the release which Chairman Eilberg had made through his Washington, D.C. office in which the first paragraph alleged CIA's interference in war criminals investigation. Regis said that the Philadelphia release was actually never released and that the first press contacts in Philadelphia during which the erroneous information provided was done telephonically by Chairman Eilberg's press officer.

25X1 7. [REDACTED] LIAISON Received a call from Mary Dooley, from the staff of the Senate Judiciary Subcommittee on Criminal Laws and Procedures. She asked if we knew anything about a magazine entitled Electronic Warfare - Defense Electronics. She is trying to find a copy of an article from the May issue of the magazine which was referred to in an article entitled "Soviet Spies Relaying Secrets to Satellite," from the Sunday, 21 May 1978, Washington Star. After checking with the CIA Library, I called Mary back and told her that we do receive that magazine but that we have not yet received the May issue. I told her I would forward a copy of the article to her when we receive it. She said that would be fine and that if she could find it elsewhere in the meantime she would let me know.
